

Turnkey Projects In Hospitals

CBHI focuses turn-key hospital projects and medical facilities right from the inception phase with its valuable client. The complexities of these types of projects require all phases to be fully and constantly synchronized. We engage in every phase of the project and turn vision & ideas of the stake holders into concrete reality.

Our wide range and diversify portfolio of products, equipments, solutions and services in health care domain allows us to offer one-stop solutions.

The solutions we develop for your facility will evolve as the healthcare market or your strategies change because our relationship with you is based on a straight-forward, deliberate business process that:

- Begins with planning
- Moves to implementation
- Provides for ongoing building system information management
- Addresses routine and preventive maintenance and services
- Repeats the cycle with continuous improvements
